Marital status: single

Age: 25

CAREER OBJECTIVE

Innovative and dedicated Computer Science and Engineering graduate with expertise in full-stack web development, UI/UX design, and automation. Skilled in technology to create impactful solutions. Seeking to contribute my technical expertise and skills to drive innovation and organizational success.

EDUCATION

Bachelor of Science in Computer Science and Engineering

Adama Science and Technology University |
Graduated: July, 04, 2024 GC

PROFESSIONAL EXPERIENCE

Instructor

| Oct 2024 – Mar 2025

- Designed and taught beginner-level Web Design and Development courses.
- Developed tailored curriculum and interactive materials for students' engagement.
- Delivered practical sessions to ensure skill-based learning outcomes.
- Perform Excel-based data analysis for reporting student card, data organization and performance analysis.

Intern – Strategic Planning Management System Platform Development

June – August 2023

- Developed a strategic planning management system using React, Node.js, and MySQL.
- Collaborated with a team to ensure robust back-end and front-end integration.
- Conducted database optimization and ensured system scalability.

Developer in INSA Cert current

Mar 2025 – Present

- Design and develop secure, responsive web applications using React and Django.
- Develop and integrate RESTful APIs for efficient and reliable frontend-backend communication.
- Create automation solutions shuffle workflow to handle repetitive tasks, workflow processes, and data handling.
- Apply security development practices including authentication, authorization, input validation, and data protection.
- Utilize Git for version control and collaborative development.
- Apply UI/UX principles to create intuitive, user-friendly interfaces.
- Deploy, monitor, and maintain applications to meet organizational and client requirements.

TECHNICAL SKILLS

- **Programming:** Python, JavaScript, HTML, CSS
- **Frameworks:** React, Django, Node.js
- **Design Tools:** Figma
- **Microsoft:** word, excel and ppt
- **Databases:** MySQL, SQL, Database Administration

LANGUAGE

- English: Intermediate
 - Amharic: Native
 - Afan Oromo: Native
-

PROJECTS

Mental Health Therapy Platform | Final Project | Jul 2024

- Developed a machine learning-powered platform using Python, React, and Django.
- Built a dynamic and responsive interface for therapists to provide customized treatments.
- Leveraged SQLite for efficient data storage and retrieval.

CERTIFICATIONS

- ALX AI Career Essentials Programme Graduate | Jul 2024
-

EXTRACURRICULAR ACTIVITIES

- **Member**, Peace Forum in Adama Science and Technology
 - May 2022 – Jun 2023
-

INTERESTS

- Working with Tech company
- Freelancing on platforms.
- Enhancing communication skills and interpersonal abilities.
